

Foreign Missions Committee

The goal of Messiah's FMC is three-fold: 1) to work to support the spread of the Gospel overseas; 2) to support those missionaries associated with Messiah that are working in the mission field overseas, or working with agencies based in the US which have the stated goal of spreading the Gospel overseas; 3) to support the work of Christ in the country of Honduras. Currently we support several missionaries serving in places such as Madagascar, Croatia, Turkey and Sweden. We also support a school for deaf children and a home for orphaned children, both of which are in Honduras.
