Church of the Messiah

Patty Paul
Vestry Member

I have been an active member of Church of the Messiah since October 2024. I am so happy that Jon and I found this church because it feels like home.

I try to attend church either in person or virtually as often as possible. Jon and I participated in CAST and intend to do it again this year. I trust it was as rewarding for our guests as it was for Jon and me. In prior church fellowships, Jon and I were active with the children's music and their care during church.

My commitment to service is rooted in my faith and a desire to support and help others. Over the years, I have developed strong organizational skills by volunteering in both church and community initiatives and through my work. I am dedicated to fostering a welcoming and inclusive environment, and I am honored to serve on Church of the Messiah's Vestry.
